

*** Introducing Messiah ***

Messiah should have ability to finish Satan's regime and open God's era.

As this is the world of the sins which is belong to the Evil, the authority of the world and Messiah cannot be friends but enemies each other.

*M*essiah could be anyone who has power to save us from death, wars and pains etc.

Though the one has an unfamiliar name and image to us, the power will prove its identity Messiah.

You need to be free from stereotyped ideas before being closer to the new paradigm.

For religions and studies are from human mind that is imperfect, there have been no religions and no studies so far.

We can define the study as the one seeking the Truth, and the religion as the one realizing the Truth. While we define the Truth as the thing that is unchangeable, the Truth only exists with the unchangeable object that is called God, Buddha, Allah etc. So the Truth resides only in the Perfection, and the Perfection resides in the immortal object which is unchangeable forever.

The true study is, therefore, of seeking the immortal one, and the true religion is of realizing the immortal being, while those imperfect studies and religions seek something else of aimless, worthless and unclear.

*T*he worlds need sincere teacher who is able to teach the scriptures in right way, not in unclearly wrong ways.

What is the outline of the Bible? Here you go:

1. Men lived in the Heaven where there were no death, wars and pains etc.
2. Men fell into the sins and began

suffering from death and pains etc.

3. When Messiah comes, men will be freed from the suffering and retake the lost Heaven.

The imperfects have been teaching the world the core facts in imperfect and wrong ways: these core facts include God, men, Heaven, sins, death, Messiah, salvation, etc., so they have been leading the world to the wrong directions.

Let me brief the cores coming from Messiah.

*E*very single man has the same ancestor, no one would disagree with that, as we trace back our parents and their parents and so on, every individuals would meet with the same ancestor in the end.

Spiritually, the Bible says the first ancestors of man- Adam, Eve and God - are the Trinity God. Because, in the beginning, they lived in the Heaven that is the place in which God lives.

God is the Life itself which is the source of existence, peace, freedom, happiness, eternity, Truth, light etc.

For that reason, everyone- sons of God - has indirect experiences in living in Heaven, and based on the experiences, man are longing for taking those missing parts that are all belong to God in Heaven.

On the other hand, the residents in the Heaven were fallen by the sins which symbolize Satan, and we all are descendents of them who were conquered by Satan.

Therefore, the identity of man is son of God, at the same time, is son of Satan.

Considering about the sins, it is a slave of Satan and is conceived by desire, when it is full-grown, gives birth to death. (Rome, James)

The relationship among them could be expressed: Satan --> desire --> sins --> death, then we can rewrite the expression: Satan = desire = sins = death, because all of them are spiritual symbols which represents the same object, the human mind.

Which part of man makes desires?

I desire. My ego, the controlling spirit of me, desires.

Therefore, the root of the sins is the human ego, the spirit of claiming self.

Physically, when a man is thinking, own blood changes according to the thinking, then the blood changes own body, then changes surrounding, and vice versa. Based on this Law of Blood, man is able to pick up other people's inner nature through their face and body, as man's body has been formed by blood and that is formed by everyday thinking.

When man desire, own blood decays. The decayed blood gives birth to germs and viruses that cause illness. Anxiety is the desire of desires, as the anxiety is something man desires to get what the man cannot get it with his/her desires.

Body is a set of cells that are generated by blood. If a man has 10% of blood decayed, his/her body will be formed by 90% healthy cells and 10% less or weak or damaged cells. Larger percent of blood decayed, less number of

healthy cells maintains his/her body. This is the principle of the aging process.

When 100% of blood decays, the light of Life goes off, and that is the final destination of Satan's works.

*T*here is no Heaven for the dead, because they died of the sins.

The spirit of the dead resides in their descendents' blood, same manner as the spirit of God and the spirit of Satan reside in our blood.

To be saved, to get the salvation, you must become Messiah too. Because the qualification for living in Heaven is the God who has overcome Satan, God in every one of us must be resurrected from the spiritual tomb, and fights against human ego, the origin of the sins, Satan. The victorious God is called Messiah and It is not a man.

Therefore, your previous life was your ancestor, and your future life is your sons and daughters.

About salvation, though Bible has several theories to get it, the principle is same, the Spirit of God must resurrect in order to overcome the Satan which is the

human ego- the most powerful spirit in every and each of you-, and then the Spirit of God must take back the controlling power of the man, so that the Victor God resides in the new born object that we call Messiah.

To be saved, therefore, the spirit of God in you must overcome the Satan in you.

To fight against yourself, take the first step, REGARD EVERYBODY AS YOURSELF.

*L*isten to the voice of Messiah, there has been no religions and no studies until the Perfection has come.
